Introducing Our Breakthrough!

World's Most Effective Suncare with 3 EXTRA SPF!

Introducing Solar Screen, your essential defense against high-altitude rays, blue light, & the broad spectrum of UVA and UVB damage.

Enjoy 3-hour protection, SPF 53 transparency and a paraben-free, no-tint formula for a luxurious touch.

Silk Touch Transparent Solar Screen SPF 53 PA +++++

1.69 FL.OZ 50ml

Hero Ingredients

Diethylamino Hydroxybenzoyl Hexyl Benzoate
Provides effective broad-spectrum UVA and UVB protection, helping to prevent sun damage and premature aging of the skin.

Ethylhexyl Methoxycinnamate

A widely used organic UV filter that protects the skin from harmful UVB rays, preventing sunburn and other sun damage.

Octisalate

A common UVB filter that absorbs and dissipates UV radiation, protecting the skin from sunburn and UV-induced damage.

Put In to Practice

Apply liberally to the face, neck, or any exposed area at least 15 minutes before sun exposure. Reapply after every 3 Hours or more often, if sweating or swimming.

Features

UVA-UVB Protect | Blue Light Protected | Non Comedogenic | Hypoallergenic | Paraben Free
-20° Celsius | +52° Celsius | High Altitude Protection
3 Hours Protect | Non-stop water resistance
Not Tested on Animals | No Tint

For All Skin Types

This sunscreen offers ultra advance protection against harmful UVA-UVB rays and blue light, Helping to prevent sunburn, premature aging, and potential damage from sun exposure and sunlight. Trusted by dermatologists.
